What Will Our Kids be Learning?

(Proverbs 22:6) “Train up a child in the way he should go, and when he is old he will not depart from it.”

A bill being debated in the Iowa Legislature could have important ramifications regarding what our schools may teach. Senate File 61, known as the “Bullying Bill,” seeks to curb harassment (bullying) inside all Iowa public schools and accredited private schools, including Christian institutions. At face value this bill may seem positive as it desires to curtail the harassment of our children. But when we study the bill more fully we find real problems for our schools and our children.

This new law has been highly promoted by gay activists and appears to be on its way to passage in both houses with the majority party in favor and most of the minority party in opposition. The bill appears to be nothing more than an attempt by liberal legislators to award homosexuality a special protected class status in our schools by awarding certain ‘personal traits’ such as sexual orientation and sexual identity a protected status.

If this bill should pass and be signed into law by the governor, all accredited schools, both public and Christian, will soon have to pass anti-bullying policies in keeping with this new law. This presents a real danger especially for Christian schools who wish to teach the doctrinal reasons why homosexuality is opposed to the will of God. Under this new code, these types of teachings will be considered bullying! And if this bill passes our schools will be in danger of breaking the law every time they speak against homosexuality. Please speak up now by contacting your Iowa Legislators as well as the Democratic leadership in the Iowa House and Senate. Our children’s Christian education may depend on it!

ACTION STEPS

Please IMMEDIATELY contact your Iowa Representative, Senator, and the Democratic Leadership. Ask them to vote against Senate File 61. Find those that represent you by visiting: <http://www.legis.state.ia.us/FindLeg/>. Switchboard numbers at the Capitol are:
